

# VIOGNIER

## 2017 VIOGNIER

Viognier is a white grape variety indigenous to the Rhône Valley of France. We are so taken with this beautifully aromatic varietal that we have dedicated 20 acres of our estate vineyard to the grape.

The 2017 is a stunning, pure and elegant expression of Viognier. The nose is laser-focused with stone fruits, pear skin and white flowers, spotlighting mineral notes of wet stone and chalk. With beautiful energy on the palate, its mouthwatering acidity carries persistent flavors of nectarine and citrus peel.
