

ESTRELLA

2020 ESTRELLA SYRAH

The Estrella clone represents the most significant Syrah clone found on California’s central coast. First planted on our estate in our Mesa H block, or “Black Bear Block”, in 1978, Estrella has become known as the signature Syrah clone of our vineyard. Perhaps the most versatile clone of Syrah on our estate, Estrella is the cornerstone of many of our Syrah bottlings. To honor the several generations of Estrella plantings on our estate ranging from 1978 to 2012, our winemaking team created this special single clone Syrah.

This captivating Syrah offers a nose of wild boysenberry and semi-sweet chocolate chips. Its voluptuous fruit profile showcases dark blue and black fruits, balanced with a hint of cacao nibs. The fine tannins are well balanced with the bright acidity of the wine and will age gracefully into a deliciously plush body structure.

APPELLATION Santa Ynez Valley	COMPOSITION 100% Syrah	AGING 21 months in 25% new French oak
VINEYARDS Blocks Mesa H, A, & C	ALCOHOL 15.4%	PRODUCTION 191 cases
